- Vercel

SOFT SKILLS

- Communication
- Problem Solving
- Team Collaboration
- Quick Learner
- Time Management
- Adaptability
- Attention to Detail

SUMMARY

Passionate Frontend Developer specializing in React.js, TypeScript, frontend development, and AI-powered web applications. Experienced in prompt engineering, API integration, and building responsive, user-centric web solutions using modern technologies.

EXPERIENCE

B.S.A. Crescent University 3rd March to 4th July (2025)
Digital Marketing Executive

Designed and developed a responsive cultural events web application using React.js, TypeScript, and modern frontend development practices, enhancing student engagement through interactive galleries, event updates, and an intuitive user experience.

CAREER OBJECTIVE

To obtain a Frontend Developer role where I can apply my expertise in React.js, TypeScript, frontend development, and AI integration to build scalable, user-centric web applications while continuously learning from experienced professionals and progressing toward Full-Stack Development.

ACHIEVEMENTS AND ACTIVITIES

Successfully contributed to the planning and execution of a Noble World Records-recognized Silambam event by coordinating 515 participants and ensuring smooth event operations through effective teamwork and organizational skills.

LIVE PROJECTS

A hub for AI-powered web applications and modern frontend projects.
